

The TADGER Group

E-mail: support@tadgergroup.com Web site: www.tadgergroup.com

Name: Jim Hildred

Make/Model of Vehicle: 1993 Dodge W-250 Cummins

Type of unit used: Diesel

Testimony:

Prior to installing a TADGER unit, a tank of fuel lasted me 650 km.

After installation, I am now getting 700 km per tank-full.

I have experienced a savings of \$35.00 in less than a month.

I don't do much driving and yet the TADGER will pay for itself in about 50 weeks.

Hats off to TADGER!
