- MOVING, STORAGE, PACKING AND SHIPPING OF HOUSEHOLD GOODS -

February 4, 2009

Dear Tadger Group:

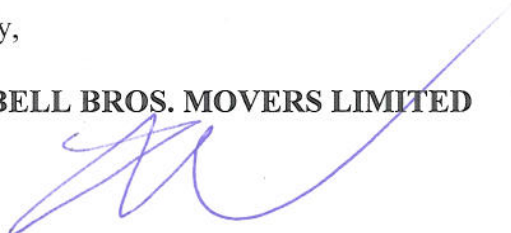

We realize that there were a lot of products out there that claim fuel savings so we approached this one with caution. After doing 2 tests on our vehicles it was obvious that the Tadgers performed just the way they claimed they would. The savings amounted to over 1 litre per hour or over \$200/truck/month. The emission reduction is a bonus that we are very pleased with as part of our commitment to the community. We have ordered for our fleet and are currently in the process of having them installed on our trucks.

Another feature that made the Tadgers a good choice for us is the fact that they do not require any maintenance.

Thanks to Tadger Group for helping us with our bottom line and for the service they have provided. We are very pleased with the results.

Sincerely,

**CAMPBELL BROS. MOVERS LIMITED**
