Tadger Group Int'l
45 Kingspoint Circle
Winona, ON
L8E 6E6

I would like to take this opportunity to inform you of my results from my personal vehicle use. I have installed the tadger on my 99 caddilac devile which has the northstar engine, pre tadger my mileage was 20mpg in town and 24 hwy. Which is good for a caddilac, however my mileage went to 23 city and 30 mpg hwy for a combined 25.5 mpg. This is awesome, I also have a 92 chev. full size conversion van with a 5 lit. engine, this improved from 12mpg hwy to 18 mpg. I am very satisfied with the results. The lack of black soot from my exhaust in the van also confirms the emissions are also lower, which is important to the enviroment for the future.
