

I am Jim Mabie. Since installing the Tadger on my 2002 1.8L Chevy Prizm, I have **increased** my highway mileage **from 30 to 33 MPG**. That is a 10% savings and means more money in my pocket.

The Tadger also gives me a good feeling knowing I am reducing toxic emissions.

Reduce emissions while improving fuel mileage, WOW!!! WORKS FOR ME.

For more information please feel free to contact me.
